DealerGeek
Visual Design System
September 2022 - **Present**

Soft Skills

Efficient teamwork
Looking for solutions for a pleasant working environment and on time completion of good quality projects.

Proactive
Think beyond what is requested to predict future complications.

Abstraction of problems
I skillfully identify what is needed, and if not, I research and provide conlcussions.

Social person
Open to new connections with people and strategies to connect with them.

Leadership
Order and communication first.

Fast Learning
If there is a need, it must be met.
